

Oxnard Union High School District

Students First: every day, every school, every classroom

September 2012

Dear OUHSD Parents,

Welcome to the beginning of the 2012 school year. The District has made an investment in a new Student Information System called Synergy. Synergy is the main database that houses all the student grades, attendance, and transcripts and just about all student related information. We are excited to introduce MyVue web portal which allows parents and guardian's access online through either a computer or Apple iOS devices such as iPads/iPhones, as well as Android based devices. MyVue has now replaced iParent web portal. MyVue is a great tool that allows parents to stay informed about their child's progress throughout the year.

Please note that although you will be able to activate the Parent View Portal, **not all information will be available to you until Monday October 8, 2012.** The District is in the process of activating all the features including student grades and targeting the first week of October to have all the systems operational. Please be patient as it takes time to fully implement all the features on the new Synergy system.

Some useful features of MyVue Portal include:

- A parent with more than one child will be able to access information on all their children by using only one account. Parents will no longer need to log into an account for each child.
- Parents will be able to submit personal information changes like an address or phone number through MyVue. These changes will go directly to the school site registrars for review.
- The StudentVue will allow students to have access to their own account, allowing students to view their grades on a regular basis. No more surprises at Progress Report or Report Card time!!

I have included parent activation letter for parents and legal guardians that contain information on how to access the system. Any questions can be directed to our Helpdesk staff at helpdesk@ouhsd.k12.ca.us or via phone (805) 385-4141.

The District is confident that you will have a good experience being connected to your student's education and the progress they are making throughout the year. I thank you in advance for this transition from iparent portal to MyVue web portal.

Sincerely,

Puneet Sharma
Director of Information Technology Services
Oxnard Union High School District

Dear Parent Name,

Welcome to MyVue- your new school-home communication tool!

MyVue is a wonderful tool to review and monitor your child's grades, attendance and other education-related information from your home or work computer. To begin your MyVue account for the first time, please follow the instructions below:

1. Please enter the MyVue Portal website (<http://myvue.ouhsd.k12.ca.us>) into the browser. We support either Internet Explorer or Firefox as a browser.
2. On the MyVue Portal page, click on the link that states "Parents".
3. On the ParentVue page, click on the link states "Attendance and Grades"
4. On the logon page, click on the link that state "Activate My Account link"
5. On the following page, click "I accept" the privacy statement.
6. In the next screen enter the first name, last name and activation key exactly as it appears below.
7. Click on the Go to Step 3 button.
8. The system will prompt you to select your own username and password. The password must have a minimum of 6 characters, and can consist of numbers and letters.
9. Also enter your primary e-mail address. This address will be used to recover your password if you lose it.
10. Click on Complete Account Activation to finish setting up the account.
11. Please verify that your address, home phone number, cell phone number and email address are correct. Please update them as soon as possible, so that we may send critical information regarding your child in a timely manner.

We hope you enjoy this new communication tool! Please let us know if you have any questions by contacting our helpdesk at (805) 385-4141.
